Item	Operation Name	Labor Hours	Hourly Rate	Parts	Core Prices	Additional Charges	Totals
1	VERIFY, CHECK AND ADVISE ON CUSTOMER COMPLAINT. Complaint: 1. Check Engine/ MIL Light On Dash Def Derate Correction: Verified no communication going to the Aftertreatment system. Inspected fuses and relays for the aftertreatment side. Found no popped fuses or relays at this time. Need more time to test the J1939 communication wires for the aftertreatment system. Stopped here. Began ohm testing the 120 ohm resistor for the aftertreatment system and found good 120ohms for the resistor. Noticed the DEF tank harness has been recently replaced. After that began ohm testing the J1939 communication. Tested the A-CAN on the aftertreatment harness and found good 60 ohms. Swapped the ACM with a good test module and verified issue is still present.	16	\$205.00				\$3,280.00
